

Hpled DE

Retrofit module that allows you to upgrade the De Sisti Leonardo 2000W Fresnel fixture (cod.320-321) into a highly efficient LED Fresnel lens spotlight

HPLED DE is a re-lamping module designed to convert the traditional 2000W Fresnel Leonardo fixture (COD. 320-321 De Sisti) into an LED fixture.

The **HPLED DE** is powered by a high-power (230W) light-emitting diode (COB) with a standard colour temperature of 3000°K. The integrated board controls the luminaire via RDM and/or DMX protocols.

MADE IN ITALY

Photometric data LED 3000°K CRI 97 (Leonardo cod. 320-321)

Statistics rates measured with the use of 3000°K CRI 97 LED lantern in use for 30 minutes at 25°C room temperature
